Three Confluence of Education, Discipline and Sanskar means Sri Vardhaman Jain Boarding and Vidhyalaya "Education is a lamp, one lamp can light thousands of lamps, our elders used foresight to satisfy the thirst for knowledge in the economically and educationally backward region of Wagad and the future generation. Shree Vardhaman Jain Boarding and Vidhyalaya made tireless efforts to build a life with Sanskar came into being. ....wish was fulfilled. ....Dreams came true and rainbow coloured lisottas were felt amid the black clouds.

A.D. In 1942( Vikram Sawant 1998) with the tremendous courage of the society's leaders, with the support of Shri Amritlal Jadavjibhai Mehta, the beggarly silent servant of the organization. With Guru Bhagawant's guidance and blessings and with the good wishes and support of the entire Wagad Sat Chovisi Samaj, this institute was started with only 4 students. Having seen many suns, this institution has now become a giant of 82 years, has not only instilled education with virtues like discipline in the lives of hundreds of thousands of students but also shaped them like a skilled sculptor. This journey that started with 4 students went on continuously and the number reached more than 900 at present. This organization stood firm even in the earthquake like a strong slap of nature. It is only and only blessings of God-Guru and the pure wishes of the distance of the entire society-Sanishtha Thanks for the effort.

Due to the socio-economic problems of rural areas, expansion of educational institutions and urbanization of the society, many such institutions have closed down, while this mother institution of ours is still giving its warmth, it is due to the joint efforts, welfare and financial generosity of many brothers of the society. The present trust Board-Executive Committee-Other Committees, Past office bearers, Family members of the entire society, Named-Anonymous workers we all gratefully acknowledge the threefold contribution of body, mind and money to the organization.

## Why The Need For New Physical Facilities In Schools?

- Students come from more than 32 village to study.
- It is an 82-year-old institution, and has immense trust from the community.
- It is an excellent and valuable educational institution.
- Modern building is required according to today's times and new education policy.
- Due to good education, the number of students is continuously increasing.
- To complete the physical facilities of the college, there are no facilities like reading rooms, laboratories, only classrooms.
- SSC since the board centre is in Vidyalaya, students from 4-5 schools come to appear for the board exam.
- In an educationally backward area like Wagad, this school is like a freshwater spring in the desert.
- 90% of the total number of students come from Middle & Lower Class.
- More facilities are needed to promote girl child education.
- In today's modern era, new modern facility equipped building is needed to provide valuable and basic free education to compete with the students of district and big cities by getting education at par with them.

SINCE V. S. 1998  
14 APRIL, I. S. 1942

## Beneficiary Details Of The Prospective Scheme

- 1). 1,26,00,000/-** The name of the donor will be displayed in the main campus of the institution and on all stationery published by the Secondary and Higher Secondary School Department, and two suitable size photographs of the donor's family will be displayed in the reception area at the entrance of the institution.

### Plaque Size

In The Size of **120" x 42"** Across Sankul and at The Entrance Gate

**SRI VARDHAMAN JAIN BOARDING AND VIDYALAYA**  
Managed  
Donor's Name ..... Vidhya Sankul

It will come, and a suitable marble stand of **84" x 42"** plaque will be made next to the main entrance to bear the name of the donor and the family members.
